

### Original White ClayPaws® Kits

Our Original White ClayPaws® Clay started it all! We've perfected its special formula for use in clinical and business settings. It's quick and easy to use, with no mess, and it creates beautiful, permanent keepsakes. Our Original White clay provides a blank canvas for adding embellishments, like colorful ribbon or decorative charms, to the print. After it is baked, the weight, shape, and finish of the ClayPaws® print provides a comforting paw for pet parents to hold.

### Terra Cotta ClayPaws® Kits

Our Terra Cotta ClayPaws® Clay is a beautiful alternative to our white clays. It has a similar consistency and weight and is made from the same proprietary formula as our Original White clay. Use Terra Cotta clay to achieve a more natural look, with the deep details of the paw print that earth clays often miss. The Terra Cotta color also disguises dirt or debris that might get transferred from a paw onto the clay.

### Soft White ClayPaws® Kits

Our Soft White ClayPaws® Clay has a softer texture than our Original White clay. Another of our exclusive formulas, it is easier to knead, lighter in weight, and also captures amazing detail. Our Soft White formula is the clay we recommend for making paw prints of living animals. It's also the clay we prefer for making ornaments or for helping children make paw prints.

### Almond Shimmer ClayPaws® Kits

The creamy, almond color is a soothing addition to our ClayPaws® Clay product line and is the same special formula that ClayPaws® Kits are famous for! Even without decorations, Almond Shimmer ClayPaws® Clay glistens with a subtle luster all its own. As one of our proprietary premium clays, Almond Shimmer has a similar consistency and weight as our Original White and Terra Cotta clays. It does a great job of hiding dirt from paws and captures amazing detail!
